

Monthly Sales MIS Report: Executive Insights Dashboard

1. Executive Summary

As per the dashboard insights, this report is based on Monthly Sales MIS (Management Information System) report. This report includes total revenue, high performer, most sold product in which region, target achievement. Also, in this we used KPIs card to show the total revenue, top performer, total agents, % Target Met.

- **Total Revenue:** ₹12,487,000
- **Total Count of Agents:** 99
- **Total % Target Met:** 58%
- **Top Performer Name:** Rohit Sharma- Product (Solar Inverter)-Region (Punjab)-Month (Jan)- Achieved (12% More than target)

2. Product Performance Analysis:

A. Total Actual Sales of Each Product:

- Air Conditioner: 490800 (Top Most Selling Product)
- Solar Inverter: 4595000
- Water Purifier: 2984000

B. Status of Each Product Met Target or Not:

- Air Conditioner: Met Target (62.05%) – count 12
Below Target (37.50%) – count 20
Total – 32
- Solar Inverter: Met Target (54.55%) – count 18
Below Target (45.45%) – count 15
Total – 33
- Water Purifier: Met Target (58.82%) – count 20
Below Target (41.18%) – count 18
Total – 34

(**Insights:** Here, Air conditioner Met Target (62.05%) is good, but need to work on Solar Inverter Sales which has Below Target rate 45.45% which is nearly 50%)

C. Monthly Difference (%) Achieved by each product:

- Air Conditioner: Below Target in January (-13.47%)
Moderate in March by target: (5.44%)
Above & highest achieved by Target in April: (18.93%)
(**Insights:** Air Conditioner Started low in January, but started to grow and achieved peak till April)
- Solar Inverter: Above Target in January (10.27%)
Sudden drop in February: (-9.72%)
Above & highest achieved by Target in March: (12.77%)
Again, Sudden drop in April: (-0.34%)
(**Insights:** 1.The Solar Inverter Sales are very much Fluctuating need to check the local selling and need to give training to other Agents.
2.The Agents can be trained under the Rohit Sharma because he is a Top performer sold “Solar Inverter” with 12% more than target.)
- Water Purifier: Started Below Target in January (-5.33%)
Moderate in February: (2.74%)
Sudden drop by Target in March: (-4.22%)
(**Insights:** 1.As compared to Air Conditioner and Solar Purifier the Sales are fluctuating through all 5 months also it is not achieved much by target.
2.Need to check the selling trends in the local market.)

3. Region Wise Performance Analysis:

A. Region wise Total Actual Sales:

- I. Highest Performing Region: Maharashtra (5,103,000)
- II. Second Strongest Region: Gujarat (1800000) and Karnataka (1762000)
- III. Mid-Tier Performance: Delhi (1519000)
- IV. Lower Performing Region: Goa (150,000), Haryana (85000) and Telangana (166,000).

B. Region wises Each Product Sales Achievements (%):

- I. **Air Conditioner Achievement (%)**: Reached the highest rate in Gujrat (110%), then consistent performance in Karnataka, Punjab, Delhi,

Maharashtra, Tamil Nadu, Goa and struggled in Kerala (96%). No performance in Haryana and Telangana.

(Insights: Need to focus sales in Haryana and Telangana with some strategic methods, also by observing the local trends in competition. Also, need to work with the agent training selling products in Kerala).

- II. **Solar Inverter:** Reached the highest rate in Punjab (114%), then consistent performance in Karnataka(105%) and Maharashtra (108%) and struggled in Delhi (90%) and Kerala(97%). No performance in Goa, Gujrat, Haryana, Tamil Nadu and Telangana.

(Insights: According to above readings, Solar Inverter Sales is “ZERO” in 6 regions out of 10, which is need to be worried. Even though other regions sales are satisfactory. **We can form a team Under the Top performer “Rohit Sharma” to assist the agents who have been allotted this regions)**

- III. **Water Purifier:** Reached the highest rate in Gujarat (108%), then consistent performance in Delhi, Haryana, Karnataka, Kerala, Maharashtra, Punjab, Tamil Nadu, Telangana. No performance in Goa.

(Insights: As compared to Air Conditioner and Solar Inverter, even though their sales are high in some regions and No Sales in Max regions. But, The Product Water Purifier Sales is Overall Moderate and Consistent in all regions except Goa).

4. Monthly Performance Analysis:

A. January:

- **Region Wise Total Actual Sales:** Highest is Maharashtra (788,000)
- **Product wise Total Actual Sales:** High sales Solar Inverter (1,023,000)
- **Each Product Region wise Actual Sales:**
Air Conditioner: Sales are in only 5 out 10 regions (Delhi, Karnataka, Kerala, Maharashtra (High), Tamil Nadu).

Solar Inverter: Sales are in only 4 out 10 regions (Karnataka and Maharashtra (High), Kerala and Punjab (Low)).

Water Purifier: Sales are in only 5 out 10 regions (Delhi, Gujrat, Maharashtra, Tamil Nadu, Telangana all sales are moderate).

- **Product Sale Achievement:**

Air Conditioner- Max Achievement- Karnataka (109%)

Min Achievement- Maharashtra (87%)

Solar Inverter: Max Achievement- Punjab (114%)

Min Achievement- Kerala and Maharashtra (96%)

- **Product Sale Achievement:**

Air Conditioner- Max Achievement- Gujrat (110%)

Min Achievement- Kerala (95%)

Solar Inverter: Max Achievement- Maharashtra (104%)

Min Achievement- Delhi (90%)

Water Purifier: Max Achievement- Haryana (104%)

Min Achievement- Punjab (98%)

- In February, **Maximum Met Target** is for Water Purifier (71.43%) by 5 Agents and **Maximum Below target** Solar Inverter (50.00%) by 3 Agents, Air Conditioner is Below Target 42.86%
(**Insights:** In February also, Solar Inverter shows low performance, NO performance in 7 regions out of 10. Also, it is 50% below target because of 3 Agents.)

C. March:

- **Region Wise Total Actual Sales:** Highest is Maharashtra (1210000)
- **Product wise Total Actual Sales:** High sales Solar Inverter (1,015,000)
- **Each Product Region wise Actual Sales:**
 - Air Conditioner:** Sales are in only 4 out 10 regions (Delhi, Gujrat, Maharashtra (High), Punjab).
 - Solar Inverter:** Sales are in only 3 out 10 regions (Karnataka, Maharashtra (High), Kerala).
 - Water Purifier:** Sales are in only 4 out 10 regions (Delhi, Karnataka, Kerala, Maharashtra all sales are moderate).
- **Product Sale Achievement:**
 - Air Conditioner-** Max Achievement- Gujrat (107%)
Min Achievement- Maharashtra (94%)
 - Solar Inverter:** Max Achievement- Maharashtra (108%)
Min Achievement- Karnataka and Kerala (97%)
 - Water Purifier:** Max Achievement- Gujrat (106%)
Min Achievement- Maharashtra (96%)

- In March, **Maximum Met Target** is for Solar Inverter (71.43%) by 5 Agents and **Maximum Below target** Water Purifier (57.14%) by 4 Agents, Air Conditioner is Below Target – 33.33%.
(**Insights:** In March, all products are in moderate range. Even if Solar Inverter is Max Met Target Due to High Sales in Maharashtra, but it is active is only 3 regions, need to work in other 7 regions. Also, in this water purifier is more than half a below target).

D. April:

- **Region Wise Total Actual Sales:** Highest is Maharashtra (1099000)
- **Product wise Total Actual Sales:** High sales Air Conditioner (1,080,000)
- **Each Product Region wise Actual Sales:**
 - Air Conditioner:** Sales are in only 4 out 10 regions (Delhi, Gujrat (High), Maharashtra, Punjab).
 - Solar Inverter:** Sales are in only 3 out 10 regions (Karnataka, Maharashtra (High), Kerala).
 - Water Purifier:** Sales are in only 4 out 10 regions (Delhi, Karnataka, Kerala, Maharashtra all sales are moderate).
- **Product Sale Achievement:**
 - Air Conditioner-** Max Achievement- Punjab (108%)
Min Achievement- Gujrat (97%)
 - Solar Inverter:** Max Achievement- Maharashtra (106%)
Min Achievement- Kerala (95%)
 - Water Purifier:** Max Achievement- Delhi (103%)
Min Achievement- Maharashtra (98%)
- In April, **Maximum Met Target** is for Air Conditioner (71.43%) by 5 Agents and **Maximum Below target** Solar Inverter (57.14%) by 4 Agents, Water Purifier is Below Target -33.33%.
(**Insights:** In April also, need to focus on SI)

E. May:

- **Region Wise Total Actual Sales:** Highest is Maharashtra (1048000)
- **Product wise Total Actual Sales:** High sales Air Conditioner (925,000)
- **Each Product Region wise Actual Sales:**
 - Air Conditioner:** Sales are in only 4 out of 10 regions (Delhi, Gujrat (High), Maharashtra, Punjab).
 - Solar Inverter:** Sales are in only 2 out of 10 regions (Karnataka and Maharashtra (High)).
 - Water Purifier:** Sales are in only 4 out of 10 regions (Delhi, Karnataka, Kerala, Maharashtra all sales are moderate).
- **Product Sale Achievement:**
 - Air Conditioner-** Max Achievement- Delhi (107%)
Min Achievement- Gujrat (97%)
 - Solar Inverter:** Max Achievement- Maharashtra (108%)
Min Achievement- Some Agents in Maharashtra (96%)
 - Water Purifier:** Max Achievement- Kerala (105%)
Min Achievement- Delhi (94%)
- In May, **Maximum Met Target** is for Air Conditioner and Solar Inverter both achieved same (66.67%) by each of 4 Agents and **Maximum Below target** Water Purifier (42.86%) by 3 Agents.
(**Insights:** In May, All Products Sales are gradually decreasing in many regions)

5. Overall Key Points:

- a. Even if the total Met Target is 58%, which means we can grow more by focusing on sale for Solar Inverter which has is not active in January 6 regions out of 10 and it is increased by May, that is SI is not active in 8 regions out of 10, which affects the Overall % of Met Target.

- b. As Solar Inverter Sales were absent in several regions, which could indicate low market demand, limited product availability, or insufficient sales focus in those areas. This reduced the overall target achievement. We can expand product availability and provide training to the agents targeted sales to those regions which can improve their performance and overall target can be achieved.
- c. Air conditioner reaches to peak sales from February till May, but there is a gap in March, so need to focus on seasonal marketing of the product.
- d. Water Purifier growth is moderate through out the all 5 months.
- e. The Regions which are Not that much active for achieving targets or in sales are Haryana, Tamil Nadu and Telangana.
- f. Highest Market we got in Maharashtra region with highest sales of Air conditioner achieved target with 62.50% alone.
- g. All Products are started moderately in January and got high peak in April. Again, there is low in May.
